Title: Christmas Statue Series <h3> About Keeonean

Author: Historian Laurette

General Keeonean was
one of Minax's more
important followers, doing
her will from 1999 until
his death in 2003. First
known to us as the
kidnapper of Lord Nikolas,
Keeonean led Orcs [next]
and Mongbats against Yew
while other Minax forces
assaulted Trinsic, Cove,
Britannia, Moonglow, and
Vesper. He was known to
be a grandmaster mage
but often wore golden
armor while attacking
with his sword. His fate
was sealed when he was
captured by the Royal
Guards in a suprise raid
against Minax, during
which Odric mentally
compelled Keeonean to
seize the powerful [next]
artifact Nccklace,
'Mondains embrace' from
a startled Minax. Charged
at his trial with Murder,
Conspiracy, Kidnapping, and
other offenses, Keeonean
mockingly pled 'not guilty'
just moments before the
ethereal 'Aura of Minax'
appeared and killed him
for having betrayed her.
